December 09, 2025: Letter to Texas Space Commission

ALERT OF SERIOUS SECURITY BREACH

I am writing to alert your office that the Donald Trump and Elon Musk partnership is creating an unlawful spying presence over citizens of the State of Texas.

I am experiencing an ongoing 'game' being played with my life and professional work as a team of spies makes noises around my house to indicate the exact moments when I begin working at my computer.

This is the ongoing result of what are the after-effects of my participation in the Republican Party of Texas.

Before Donald Trump's mask was taken off and his true face was revealed to our home, I used to be a strong supporter of Donald Trump and the Republican Party of Texas.

I even ran for office and was elected as the Precinct Committee Chair of Precinct #2053 in Bexar County, Texas.

At that time, the Donald Trump team began revealing that it was unmercifully spying on my home and then began to intrude into our life by causing disruptions to our day and even damage to our property.

On August 08, 2024, I was even confronted by a man with a gun in my own front yard.

I am writing to alert the State of Texas that the Elon Musk Space-X project, along with its affiliation with the Space Force Stars-Shield program is a disaster for Texas and America.

I AM ALERTING YOUR OFFICE IN BOLD TERMS: YOU ARE CREATING AND FACILITATING A SKY-NET SPY PROGRAM ON BEHALF OF FELONIOUS CRIMINAL GANGS!

PLEASE STOP IMMEDIATELY AND CHANGE COURSE TO PROTECT THE FUTURE OF TEXANS AND AMERICANS ALIKE!
